### **Risk and Safety**

We need to set up a Risk and Safety policy for us to follow in the mean time Eric Lavoie will attend any meetings and collect correspondence.

### **New Business**

- Special Requirements committee.

Is there a possibility of getting the high schools involved in painting the Panther and Storm Logos in the rink lobby area - I know we would have to go through the township. I thought that this would be a great team builder for our associations - Perhaps the students would be able to count some of this time towards their volunteer requirements? Lyndon Sands will look into this.

Also for next year could we maybe get a bulletin board that would show each team's home games for the week put up - Maybe create some interest in watching other teams play and also spark our own teams interest?

Dry land training could be an option for coaches – can KDMHA look at securing a location for teams to use.

Treasurer – Mike Healey accepted – all in favour

Tournaments – Carol Ann Stewart – Accept – all I favour
