

Kemptville District Minor Hockey Association

2011 Annual General Meeting

Thursday May 5th - 7pm in the cafeteria of St. Michael Catholic High School

Plan to attend **YOUR** minor hockey association's annual general meeting. This is an opportunity to hear a summary of the immediate past season and learn about plans already underway for the 2011/12 season. It is also **YOUR** opportunity to provide input and feedback for improving the hockey program for the girls and boys in our community. Specifically, the agenda will include:

- **2010/11 Season**
 - Season Summary Reports (presented for each executive position)
 - Challenges and Successes
- **2011/12 Season**
 - Registration Fees
 - On-Line Registration
 - Other Ideas and Plans

- **Elections to Executive**

The AGM is the forum to elect individuals to each executive position for the new season. While some of the current executive members are willing to continue in their current position, others will be stepping down altogether or are interested in moving to a new position. On the following page is a listing of each position and an indication of whether the person currently in the position is willing to remain, or if the position is open. If open, we've further listed if one or more individuals have acknowledged an interest in the position or if it's currently open with no-one (as yet) identified as interested.

Please note that executive members willing to remain in their current position or move to a new position, or new individuals identified to date as interested in joining the executive, in no way precludes anyone from being nominated and running for a position. It could very well be the case that current or potential new volunteers are interested out of concern that a position will otherwise be vacant – they may in fact be relieved if others are willing to pursue the position! This is **YOUR** minor hockey association and we openly encourage and support new members joining the executive. The information is simply provided as "information" and should not be construed to suggest that election to a position is somehow restricted or limited. We would love to see an overwhelming interest from many, many, many individuals to serve on the executive for next season!

We would also like to point-out that some positions could benefit by having a dedicated assistant – Registrar, Treasurer and Ice Convenor are three primary examples. So if you feel you would like to help in some way but couldn't fully commit to a position, working in an assistant capacity to a key position would still be very helpful.

Kemptville District Minor Hockey Association
